DMP Electronics Inc. 瞻營全電子股份有限公司
No.15, Wugong 5th Rd., Xinzhuang Dist., New Taipei City, #24890, Taiwan, R.O.C
Tel:+886-2 22980770 Fax:+886-2 22991883 email:info@dmp.com.tw.

This FTP will provide the most update information to help you design your Vortex86EX board. Please check this FTP weekly when you are working on Vortex86EX design. If you have any question, you can contact your FAE or soc@dmp.com.tw

Folder Name			Content	Update date
BIOS&cfg	BIOS and I/O Config		Compiling_of_Coreboot_for_Vortex86EX	25-Jul-13
			EX_Config_BIOS_update.rar, The how_to guide of Config and BIOS in detail. Update the SocCfgTool to version 20131113	13-Nov-13
			1. How to change the CPU/DRAM/PCI speed on Vortex86EX 2, Update new BIOS "DM221AC.rom" which sets COM1 as Console in default setting.	12-Feb-14
			1. Update the CBToBIOSFile (bug fix)	7-Mar-14
Software	OS		Readme.txt	20-Mar-13
	CE6		Windows CE6.0 Demo Image	20-Mar-14
	CE7		Windows Compact 7 (BSP, Project File and Demo image)	20-Mar-14
EVB-Board	Module board For 16-bit DDR3 x 1	BOM	Bill of Material for DM205	20-Mar-13
		Gerber	Gerber file for DM205A	1-Nov-13
		Layout	Layout file for DM205A	1-Nov-13
		Schematic	Schematic for DM205A	1-Nov-13
	DaughterBoard	DM208A	BOM, Schematic, Gerber and Layout for daughter board of DM205	20-Mar-13
	Mini-ITX All-in-one For 8-bit DDR3 x 4	Gerber	Gerber file for DM221A	1-Nov-13
		Layout	Layout file for DM221A	1-Nov-13
		Schematic	Schematic for DM221A	1-Nov-13
Layout	Layout Guide		Layout Guide (include Power sequence) version 1.0	27-May-14
	TraceLength		Internal Trace Length of Vortex86EX	20-Mar-13
PowerCal&Thermal			Power Consumption calculation file. Thermal simulation report.	20-Mar-13
AppNote	PCIe Target		How to use Vortex86EX as a PCIe target device	20-Mar-13
	eMMC		Compatibility with eMMC on Vx86EX-9123	9-Apr-13
ReflowTemp	Reflow Temperature		SMT reflow profile for Vortex86EX	20-Mar-13
IBIS			IBIS Model for Vortex86EX	20-Mar-13
Errata			EXD130611 for correct the mistake on datasheet veresion 1.3	11-Jun-13
			Er-Vx862014_a for RTDSC issue	13-Dec-19 New

Vortex86EX Datasheet	The latest version of full datasheet is now V 1.5 (correct chap 4.6, PWRGOOD-> 5V Tolerance)	13-Jan-15
PCN (Product Change Notice)	Incrase FIFO to 32 bytes on UART 1 to 8.	23-Jun-16
